

The Power of Potential, Purpose and Passion®

By
Johan Bennet Redelinghuis

"Life is the God-given adventure we live by design, and fear the lamest excuse not to."

As a motivational speaker, educator, author, philosopher, and coach, the heart of my approach to any authentic success in life and trade, is to first encourage...

You have Perpetual Successiveness

"What is Perpetual Successiveness then?" - you ask. It is simple...

It is about the progressive flow of sequence between your Person, Significance, and Transactionality towards a fulfilled life in the moment, and from moment to moment.

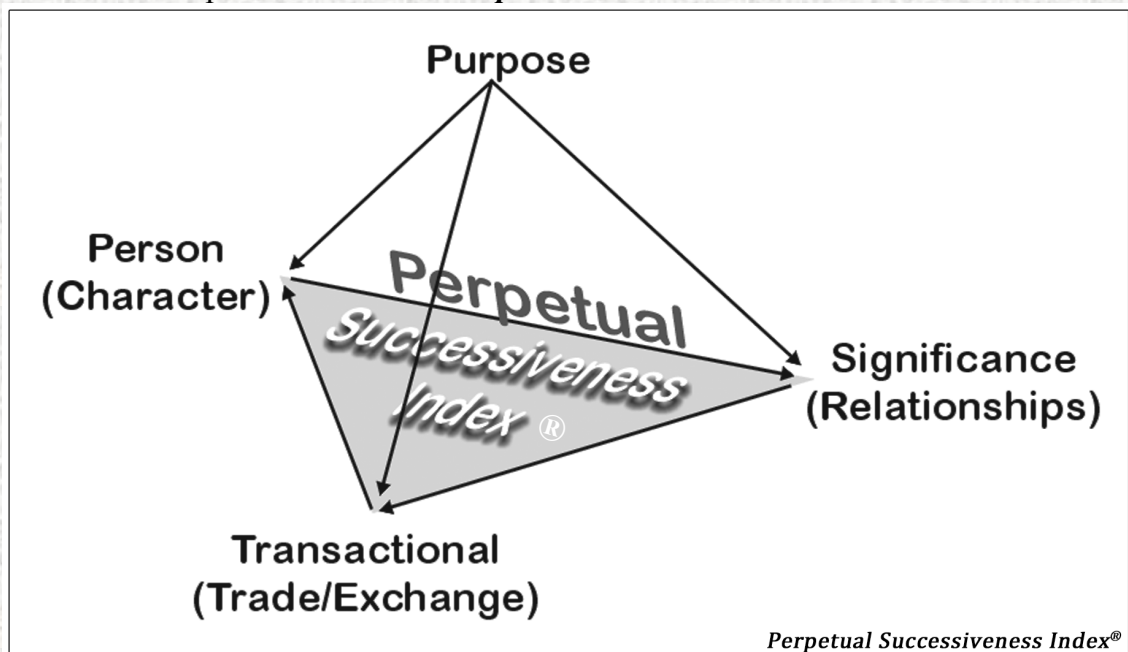

Presenting my ***Perpetual Successiveness Index***[®]

Background

For over a decade as an educator, counselor, coach, mentor, minister, author, and speaker in various applications, I have been developing the ***Perpetual Successiveness Index***[®] for my own coaching applications as a developmental catalyst to practically address shortages and handicaps I have identified in personal, social, and corporate development towards an individual's own accomplishment in being, both personally and professionally, in any given environment.

Academic influences in this model include peer-reviewed studies, papers, and publications on various disciplines of applied psychology and coaching, as well as developments in the fields of neuroscience, neuroplasticity, and cardioneurology.
